Collin,

There are two approved projects near this location. This first is the Mountain Park development on The Irvine Company property. Here is a link to the Specific Plan outlining the project. The project was approved with an EIR.

Additionally, a subsequent project was in 2009 to permit 56 single-family residential homes adjacent to the Mountain Park development. This project will utilize the Mountain Park infrastructure and be accessible only through Mountain Park. I've attached a copy of the staff report and can provide additional information as necessary. This project was approved with a MND.

Please let me know if you need anything else.

Sincerely,

G. Scott Koehm
